New Feature Video - Labels, Language texts and Report groups

2023-05-03 - Kate Coles - [Comments \(0\)](#) - [General](#)

Lasernet for Dynamics 365

In our latest Feature Video, Dynamics Team Manager Kevin Tattersall gives us a walkthrough of Labels, Language texts, and Report groups. Watch the video [here](#).

There is now a dedicated Feature Videos playlist on our [YouTube channel](#). You can subscribe for updates on all our video releases.

The screenshot shows a mobile app interface with a dark purple background. At the top, there's a video player showing a video titled "How to set up Cloud Print Connector using a Default Configuration" by Lasernet for Dynamics 365. Below the player, there's a section titled "Product Feature Videos" with a sub-header "Formpipe - ERP & Banking". It shows "Public" as the privacy setting and "3 videos • No views • Updated yesterday". There are buttons for "Play all" and "Shuffle". Below this, there's a description: "In-depth insights into the features of Formpipe products delivered by our experts." and a link to subscribe to Formpipe: "https://formpi.pe/sub-ps". There are also links to follow Formpipe on various social media platforms: ERP, Banking, Temenos, LinkedIn, Twitter, and Facebook. At the bottom, there's a link to find out more about Formpipe: "https://formpipe.com" and two hashtags: "#Formpipe #OutputManagement" and "#DocumentManagement".
